APRIL IS FINANCIAL LITERACY MONTH

he Jamaica Co-operative Credit Union League (JCCUL) has designated the month of

April FINANCIAL LITERACY MONTH, under the theme, **Empowering Members through Financial** Literacy.

Launch date is Friday April 1, Financial Fitness Day.

During the month, credit unions island-wide embark on activities geared towards teaching members and non-members the benefits of managing their personal finances.

Financial Literacy Month presents an opportunity for First Regional to empower our members by:

- * Educating them about our products and services
- Guiding them towards effective saving habits, budgeting and responsible borrowing.

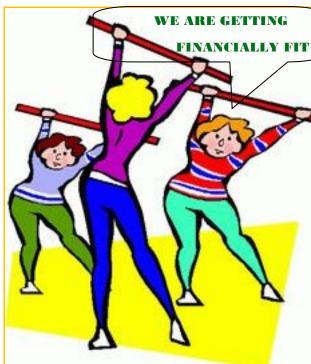

The objective of the month's activities is to use our cross-selling skills to encourage the opening of new accounts; increase savings and loans as well as build membership while underlining the importance of saving and thrift.

On the launch date Friday April 1st (and each Friday during April) front-line staff will be wearing branded T-Shirts designed to maintain the financial focus throughout the month, with the theme: "EMPOWERING MEMBERS

THROUGH FINANCIAL LITERACY."

Financial Literacy Month is to become an annual event. Let us all get ready to show our Financial Fitness on Friday April 1st.

THE STAGES OF GETTING BUNI

Happy Easter

ou may have heard of Mount Kilimanjaro, Mount Everest and, in Jamaica, Mount Diablo. Christopher Columbus would've been VERY pleased at this latest discovery right here at First Regional - Mount BUN!

See Miss Thame being buried under a mountain of buns. A virtual landslide - or rather - BUNSlide right here at First Regional!!

Better yet, since we are all Jamaicans, you would understand if this entire image is distilled and reduced to the simple premise that we are witnessing our hard-working H.R. Manager "getting BUN!"...to ensure that each First Regional employee has a HAPPY EASTER.

Ah nuh mi sey suh! See it deh fi yu self - in live and living colour...The 6 stages of getting bun!!
